

## CALL FOR PAPERS

for publication in the thematic special issues of the European Mirror  
*in honorem* the Hungarian EU Presidency of 2024

***- Special Issue on Energy union, sustainability, green and digital transition -***

The Editorial Board of the European Mirror kindly invites professionals researching or working in the fields related to the European Union to publish in the thematic special issue dedicated to the topic of ***Energy union, sustainability, green and digital transition***.

We would prefer manuscripts written in English (in special cases, we accept articles in Hungarian; in this case, they will be translated by professional translators). Journal articles, opinion articles (satisfying academic standards), and literature reviews are all welcome.

The deadline for submission is 1 December 2024, 23:59.

Our journal is Hungary's only journal specialized in the field of European Studies. We are also certified by six committees of Section IX of the Hungarian Academy of Sciences. We are particularly proud to have category 'A' in Political Sciences and category 'B' in Law, but we are also certified in Economics, Demography, International and Development Studies and Regional Studies.

If you would like to submit a manuscript, please upload it at:  
<https://folyoirat.ludovika.hu/index.php/eumirror/user/register>.

Manuscripts should not exceed 60.000 characters in the case of journal articles and 25.000 characters in the case of essays, opinion articles and literature reviews.

The official style guide is available at the link below, please strictly adhere to the requirements:
